Jagdschloss Platte

01

This location is unique, uniquely beautiful and has a long history. Today, the Jagdschloss Platte is innovative and glamorous. Smart in its symbiosis of a classicist building with high windows and a modern glass roof, it offers everything for your event, from the opulently elegant to the smart minimalist concept.

Special features: panoramic viewing platform with fabulous views over Wiesbaden and the Rhine Valley as well as the heart of the building, a rotunda with a pair of staircases running in opposite directions.

The Jagdschloss offers plenty of space for creativity and design, both inside and out. The outdoor area includes a forecourt and a green space, which are ideal for receptions and summer parties. The free choice of service providers allows you to add your own touch to your event.

All of this, just a few minutes from Wiesbaden city center, nestled in woods and green meadows. A real gem among event locations, where exclusive events become real highlights with an experience factor.

Interesting facts:

- Exclusive rental of the house
- Total area on two floors: 660 m²
- Capacity for up to 600 people in the entire building
- Also suitable for groups of 50 people or more
- Large windows provide brightness and a unique view
- No commitment to an exclusive service provider
- Preparation kitchen for the caterer available
- Beautifully embedded in the forest
- Barrier-free thanks to passenger elevator
- Easy accessibility and free parking (e-charging stations also available)
- Sustainable orientation: GCB sustainability consultant, fairpflichtet, member of various initiatives

As Wiesbaden Congress & Marketing GmbH, we focus on sustainable and responsible business operations. Cooperation with regional and value-compliant partners is just as important as defining sustainability as a continuous development process, which is strategically addressed through internal sustainability initiatives and projects.

This also includes the Green Globe-certified event venues RheinMain CongressCenter and Kurhaus Wiesbaden - both centrally located, with lots of greenery, short distances and easy accessibility by public transport. The RMCC also has DGNB Platinum and Diamond certification.

Our sustainability mission statement provides the framework to support the sustainability concept of your company or your customer. Sustainability and functionality are combined in our event locations in such a way that ecological goals and user orientation form a unit - so you and your event become part of this sustainable concept.

Together with you, we create special moments and experiences with a sustainability factor.

The RMCC is already setting architectural standards as a sustainable location

- Basic power supply through photovoltaic system on the roof
- Sustainable construction planning and use of environmentally friendly building materials (RMCC)
- Underfloor heating is provided by a waste water heat pump
- Service water system is used for sanitary facilities, irrigation of green areas and water table in front of the house
- Energy-saving lighting technology - use of LED lamps and green electricity
- Electricity from renewable energies and use of district heating (RMCC) Tactile handrails, accessibility
- Waste & recycling concept
- High-quality materials such as natural stone and wood
- Lots of light, daylight in all conference rooms and pleasant acoustics
- Building blends in with its surroundings and the cityscape

Additional measures in all event venues

- Advising clients on the sustainable orientation of their event
- Sustainable certifications
- Reduction of outdoor and indoor lighting in event venues during non-event times
- Consistent switch-off of unused devices
- Energy-optimized air conditioning and heating technology

You can view further WICM corporate measures online at convention-en.wiesbaden.de/sustainability
