## How to get there

### Wiesbaden's coordinates

Located in the centre of Europe, in the heart of Germany, the state capital of Hesse is one of the largest cities in the culturally and economically vibrant FrankfurtRheinMain metropolitan region. All traffic routes intersect here. Whether by road, rail, or air: Wiesbaden is easily accessible by all means of travel thanks to its extensive connections and its proximity to Frankfurt, the banking metropolis, and with the international airport only 26 kilometres, or 16 miles, away.

### Arrive by coach?

Parking areas designated for coaches are available. There are free bus parking spaces for minibuses and coaches between the centrally located RheinMain CongressCenter (RMCC) and the main railway station. All year round, passengers can get on and off in Paulinenstraße near the Wiesbaden Kurhaus.

### Would you like to use public transport?

The Wiesbaden Card Premium allows you to move comfortably through the city, either in a group or individually.

*Our tip before your arrival: use plazy to let yourself be inspired! [wiesbaden.de/plazy](https://wiesbaden.de/plazy)*

## Sustainability

*For more information visit [convention.wiesbaden.de/nachhaltigkeit](https://convention.wiesbaden.de/nachhaltigkeit)*

Thanks to its central location, lots of greenery, short distances and good accessibility by public transport, Wiesbaden has the best prerequisites for excelling in sustainability. The team of Wiesbaden Congress & Marketing GmbH (WICM) assumes responsibility in many business areas through continuous commitment. We always have one thing in mind: creating a sustainable travel destination as well as a resource-saving convention and meeting location for our customers. Our aim is for you to decide in favour of Wiesbaden because sustainability is not just a trend, but because we firmly implement resource-conserving practices in our business processes and products – and you can actually feel it!

### How we do this

Our large event venues (RMCC and Kurhaus Wiesbaden), for instance, have already been certified several times (e.g. with the Green Globe and ÖKOPROFIT quality labels). In order to meet the demand for sustainability when hosting congresses, conferences, and trade fairs, we go even further: we participate in further training, expand our package of measures, undergo multiple inspections, commit to the "fairpflichtet" sustainability code as well as an ongoing sustainability management process, and are part of numerous initiatives (e.g. CSR Regio.Net, Initiative Energieeffizienz- und Klimaschutz-Netzwerk, "Faire Beschaffung", etc.).

In addition, a "TourCert" certification process is underway for the WIESBADEN RHEINGAU destination to be recognised as a sustainable destination from 2024, together with many partner businesses.

# Being in motion, taking a deep breath, winding down

Svenja Münzer @WICM | Warner Damm | CC BY 4.0

Walkers, hiking fans, sports enthusiasts, and those who would like to take a rest can enjoy forests, meadows, fields, and rivers all around. Even in Wiesbaden's urban area, there is a very natural side to it as slightly more than a quarter of urban space consists of woodland. If you are only looking to visit the city or an event – there are a good many green spaces and parks here, such as Kurpark, the park in the Nerotal valley, Henkell Park, or the grandiose Biebrich palace gardens, which make you forget everyday life for a moment.

The river Rhine with its floodplains and riverside paths is not far away either. All this ensures a good climate and quality of life. You are welcome to take this as an invitation to wind down. The mix of urban and green space makes Wiesbaden a popular starting point for business and city travellers as well as for anyone looking for an activity holiday.

Take a deep breath, the choice is yours!

## Wiesbaden makes you enjoy the joy of motion

Lace up your running shoes and go for it! For hiking fans, Wiesbaden is quite simply a good starting point to head in any direction. Just try the Rheingoldweg trail from Schierstein if you only wish to take a short walk within the city limits, or to explore the area in all directions, from the Taunus mountain range to the Wispertal valley, should you be looking for a longer route. Or simply walk from the banks of the river Rhine in Biebrich to the Rheinsteig®, a hiking trail covering more than 320 kilometres and boasting fantastic views, a path that really deserves the title of "premium hiking trail". No matter where you are drawn: you will quickly find good regional cuisine!

## Neroberg mountain railway – a relaxed ride to the top

In operation since 1888, the Neroberg mountain railway is one of the three oldest water-driven funiculars in the world, and the only one in Germany. Looking at it this way, a real rarity connects the city and Neroberg hill – on no account should visitors to Wiesbaden miss it. After all, on Neroberg, you will be rewarded with a fantastic view. In the summer, the Opelbad outdoor swimming pool invites you to cool off.

★ A ride up Neroberg hill is a nice supporting programme for a congress or conference. Experience events in Wiesbaden that will be remembered for a long time.

## Pleasant warmth – the thermal springs

Wiesbaden's twenty-six hot thermal springs are a treat for all the senses. The Romans recognised their power as early as 2,000 years ago, and built a settlement here which gradually developed into a popular health resort, and eventually into what is today's Wiesbaden. A bath in the water of these hot springs still proves to be very pleasant, and is used in many therapies. To relax, visit one of our two thermal baths, Kaiser-Friedrich-Therme spa or Aukammtal thermal bath.

★ [mattiaqua.de](http://mattiaqua.de)

★ The city became a prestigious health location that is still recognised today. Wiesbaden therefore hosts numerous events in the medical and pharmaceutical fields.

## Wiesbaden in your ear

All you need is a smartphone – and you can start your tour. And, that much can be promised, an interactive experience tour will introduce you to the attractions of Wiesbaden – both acoustically and visually. While following a route through the city, you are invited to discover and listen to the very different sounds of Wiesbaden at selected stops. Go on a walk, scan the QR codes, and you'll be in for a surprise!

## Quality wines: The Rheingau Wine Festival

"Long live freedom, and long live wine!" This toast delivered by Altmayer, the jolly fellow from Goethe's Faust, is appreciated year after year during the Rheingau Wine Festival. Why not find out for yourself: for ten days, the vintners from the Rheingau region offer their specialities at the "longest wine bar in the world" in the heart of the city. Visitors can choose from over 1,000 wines and sparkling wines available for tasting at over a hundred stands, and, of course, a great supporting programme is also part of the Wine Festival.

26 Nov – 23 Dec 2024

## Christmas magic – the Twinkling Star Christmas Market

What would Advent in Wiesbaden be without its Twinkling Star Christmas Market? This pre-Christmas meeting place featuring light blue huts and an unbelievable number of bright lilies has gained in popularity, and extended far beyond Schlossplatz in recent years: attractions in Mauritiusplatz include the Ferris wheel and the rustic Hessian "WinterStubb" tavern.

## Not just for horse lovers: The Whitsun Horse Show

The International Longines Horse Show at Whitsun puts the focus of equestrian sports on Wiesbaden when the world's most renowned dressage riders and show jumpers will be trying their best in the park of Biebrich Palace. Not only lovingly restored horse-drawn carriages promenade here, visitors from all over the world also meet at this high-ranking event. Whether you are a spectator at the four-day tournament, or a guest at the Horse Night, an evening event held in the palace grounds: a visit is always worth your while!

7 – 9 June 2024

## Particularly popular with lots of visitors: Theatrium

The Wiesbaden Theatrium is Germany's largest street festival (and also its oldest). All those who wish to be part of the lively hustle and bustle of the event held in Wilhelmstraße, on the "Bowling Green" in front of and behind the Kurhaus, in Burgstraße, and in the "Am Warmen Damm" park, should be planning their next visit to Wiesbaden during this year's iteration in June 2024.

# Celebrating, laughing, letting go

*Celebrating in Wiesbaden is really easy – whether in magnificent venues, modern halls, or in the open air. There are plenty of opportunities, for instance, at one of the many street festivals, ranging from the Theatrium to the smaller but equally popular Taunusstraßenfest, to great events such as the Kranzplatzfest (8–12 May 2024) or the Schierstein Harbour Festival (12–15 July 2024). These are complemented by other highlights, for instance the Rheingau Wine Festival in August. At the end of the year, Christmas aficionados can enjoy the Twinkling Star Christmas Market. So no matter when you come to visit our city: Wiesbaden knows how to celebrate and offers different locations for all kinds of events!*

# See for yourself, be amazed, get immersed

The list is long of famous artists who were attracted to Wiesbaden, reflecting our city's high cultural profile. Whether Goethe, who enjoyed a stroll here, Dostoevsky, who left his travel funds in the casino, Richard Wagner, who worked on the "Master-Singers", or Alexej von Jawlensky, who painted in Wiesbaden and stayed until the end of his life: the Hessian state capital has long been a refuge for art, too, and will become even more attractive in the future. The Reinhard Ernst Museum is set to open in 2024, thus complementing the cultural axis that includes within easy walking distance the Murnau Filmtheater cinema, Schlachthof cultural centre, RheinMain CongressCenter, the Hessian State Museum, Nassauischer Kunstverein centre for contemporary art as well as the Literaturhaus Villa Clementine house of literature, the Hessian State Theatre, and the Kurhaus, which is significant in terms of cultural history.

[Look forward to the International May Festival held at the Hessian State Theatre \(1-31 May\). Details of the programme are available from \[english.staatstheater-wiesbaden.de/international-may-festival\]\(http://english.staatstheater-wiesbaden.de/international-may-festival\)](#)

## Murnau Filmtheater

Hollywood, Babelsberg, Wiesbaden! That's right, Wiesbaden actually is a real film city. The celebrated Romy Schneider even made her film debut here starring in "When the White Lilacs Bloom Again" in 1953. And the state capital is not only a great backdrop but also the guardian of German film heritage. The archives of the Murnau Foundation comprise more than 6,000 works from over 60 years of film history. Old and new productions feature in the programme offered by this exceptionally beautiful cinema.

## Reinhard Ernst Museum

If you love abstract art, don't miss this place. With his extraordinary art collection, businessman Reinhard Ernst has created an art space for everyone, right in the heart of Wiesbaden. Without hesitation, he also had the appropriate museum built to give his collection the space it needs. A real attraction – also as far as its architecture is concerned. The "sugar cube", as the people of Wiesbaden affectionately call the building, is a creation by Fumihiko Maki, the Japanese star architect. Scheduled to open in summer 2024.

## A space for knowledge, fascination, and art – the Museum Wiesbaden

The Museum Wiesbaden boasts a remarkable art collection comprising works by Jawlensky, Beckmann, Schmidt-Rottluff, Liebermann, and Corinth. It also presents a permanent natural science exhibition of fascinating taxidermic mounts including more than 6,000 animals, plants, and fossils.

*\* Neess Bequest – sensational art bequest / a treasure worth seeing and a journey through time*

*By donating his collection of more than five hundred works of art, patron Ferdinand Wolfgang Neess has entrusted the State Museum with a real treasure worth millions. A magnificent exhibition that is second to none.*

22 June – 7 September 2024

## Rheingau Music Festival

Listen closely: Rheingau, that's wine – and so much more! Summer is the time for the 37th "Rheingau Music Festival", one of the largest music festivals in Europe. With over 150 concerts – ranging from classical music to jazz and cabaret – there's something for everyone. Exciting to know: the concerts are held in cultural monuments such as Eberbach Abbey, Schloss Johannisberg, Schloss Vollrads, in wineries, and at the Kurhaus Wiesbaden.

## More culture in Wiesbaden

- ◆ Schloss Freudenberg is home to the Field of Experience for the Senses and the Mind featuring more than 120 interactive stations.
- ◆ The history of the Hessian state capital can be discovered at the Stadtmuseum city museum located in the old market cellar.
- ◆ The Schlachthof cultural centre with the culture park is a place for large and small concerts in the great hall and in the Kesselhaus. The complex also includes the 60/40 pub.
- ◆ Nassauischer Kunstverein has its exhibition space located in a historic villa, and is recognised as a centre for contemporary art across Germany.

## Pleasure for all the senses – the Wiesbaden way of life

Would you like to learn more about the treats of our city? There is Café Maldaner, based in the heart of the city since 1859, with its nostalgic coffee house atmosphere ... Or Confiserie Kunder founded in 1898, and producing the famous Wiesbaden pineapple tartlets made to an old family recipe ... Or the café of the HEPA Kaffee-Rösterei coffee roastery of 1949, Café Blum ... Not to forget the small Café Gehlhaar by the Ringkirche church ... Why not start your personal search for culinary highlights?

★ *Anyone looking for upscale cuisine will find what they are looking for at Benner's Bistronomie in the Kurhaus, for instance, and you can also enjoy this exclusive caterer at the events held there.*

## Regional products and pleasant company – Wiesbaden's farmers' market

A culinary and social highlight every Wednesday and Saturday: that's what Wiesbaden's farmers' market is known as. Held in Dern'sches Gelände, directly behind the Market Church and the city hall, it features up to a hundred stalls waiting for gourmets and fans of regional organic products or international specialities. What inspires our guests is not just the variety of goods offered at the market, but also its special atmosphere, the lively hustle and bustle and, of course, the nice people you meet there.

## Pleasurable view

In the warm season, you are in for a nice surprise up on Neroberg hill: the hidden Château Nero not only offers a magnificent view over the rooftops of Wiesbaden, but also a selected range of wines from Eberbach Abbey. Here you can relax and enjoy wine in the vineyards and get a great view at the same time. In order to make your Wiesbaden experience perfect, we recommend that you arrive in style using the Neroberg mountain railway from the Nerotal valley. However, you may also climb the landmark hill by bike or on foot. Once at the top, keep right on the Löwenterrasse, or terrace of the lions, and a walk along the wall will take you directly to the entrance of the Château Nero. Please note: reservations can only be made on chateau-nero.de

## Effervescent, sparkling, delicious – Henkell Freixenet sparkling wine producer

You can enjoy Henkell's successful products at "Pearls Sektmanufaktur" in the city centre. However, if you would like to find out more about the sparkling wine production facility established in 1832, and see for yourself how quality sparkling wine is made, you can do so on the premises during a discovery tour of the world's leading sparkling wine producer. This is your opportunity to take a look behind the scenes on an exciting guided tour of the winery, and take part in a tasting.

# Exploring, enjoying, relaxing

Undeniably, Wiesbaden is a city for explorers. The city centre is just the right size to explore virtually everything on foot. Over a distance of around one kilometre, you will come across fascinating retail shops, slow food alongside snacks, young fashion alongside haute couture, and a wealth of traditional craftsmanship, from made-to-measure shoes to chocolates and tartlets. In Wiesbaden, ENJOYMENT is the top priority. There is a wide range of inviting cafés, street bars, vinothèques, and restaurants, and it is not uncommon for the nicest conversations to arise during such breaks. Thus fortified, you may continue your discovery tour: after all, Mauergasse, Grabenstraße, Taunusstraße, Kranzplatz, the Bergkirchenviertel quarter, and other interesting corners are also waiting to be explored ...

# Tasting, strolling, discovering

## Country outing | A trip to the Rheingau – enjoy a relaxed way of life, the countryside, culture, regional cuisine, and wine

In the region immediately adjacent to Wiesbaden, you will find eventful pleasure, great wines, regional cuisine, and unique cultivated landscapes characterised by the distinctive course of the river Rhine. Near Mainz, Germany's largest river changes its course to the west before turning north again between Bingen and Rudesheim, the gateway to the UNESCO World Heritage site of the Upper Middle Rhine Valley. Cultivated landscapes on the sunny side of the river, rustic, honest, warm and dreamy. Castles, palaces, monastery walls, towns, villages, church organs, plus museums and dense vineyards: the Rheingau region invites you every day to learn to love it.

## Wine tasting – a casual and relaxing experience

Numerous wine tasting stands between Florsheim and Rudesheim invite you to enjoy wine under the open sky.

## Kurhaus Wiesbaden – historical, majestic, central

The landmark with character and a distinctive design combines historical architecture with the most modern comforts. A popular meeting place in town, it makes events held there shine in special splendour.

Eight function rooms and salons that can be rented are arranged around the heart of the building, the Friedrich-von-Thiersch-Saal, or Friedrich von Thiersch Hall, and the extraordinary, 21-metre high domed foyer. The north wing also houses the table games of the Spielbank Wiesbaden casino and a public restaurant.

- ★ Did you know that the Spielbank Wiesbaden casino is one of the oldest in Germany? It is located in the former wine hall of the Kurhaus and can be booked for incentive events.

### With Kurhaus Colonnade and outdoor areas

The Kurhaus Colonnade is located next to the Kurhaus, which offers nine function rooms and salons, and, at 129 metres, is considered the longest columned hall in Europe. Three additional function rooms are available there for exclusive events.

The outdoor areas in the adjacent Kurpark provide an ideal setting for outdoor events and receptions. The concert square with concert shell can be rented for up to 5,000 guests, for example.

- ★ *Well hidden, but super convenient: underneath the Bowling Green there is a two-storey underground car park with direct access to the Kurhaus.*

### Ideal for events such as

- ◆ Conventions and congresses
- ◆ Exhibitions and product presentations
- ◆ Concerts, galas, and evening events
- ◆ Award ceremonies, graduation ceremonies, and festive receptions
- ◆ Guest performances
- ◆ Employee events

### Location of the venue

Kurhausplatz 1 | 65189 Wiesbaden

 [kurhaus.wiesbaden.de](http://kurhaus.wiesbaden.de)

### Good to know

- ◆ Event location certified for sustainability
- ◆ Total floor space: 3,125 sqm
- ◆ 9 function rooms and salons
- ◆ Space for up to 2,500 guests in the entire building
- ◆ Adjacent Kurhaus Colonnade with rooms at 375 sqm and 400 sqm each
- ◆ Extensive outdoor facilities for concerts
- ◆ Exclusive caterer for events
- ◆ Spielbank Wiesbaden casino located in the building
- ◆ Publicly accessible restaurant in the building and lounge in the Kurpark
- ◆ Only a few metres from the city centre, 900 metres from the RMCC, and a 20-minute walk from the main railway station

*Good reasons in favour of the Kurhaus*  
[kurhaus.wiesbaden.de/gute-gruende](http://kurhaus.wiesbaden.de/gute-gruende)

## Jagdschloss Platte – exclusive, individual, adaptable

One of the most beautiful historical locations in the region. The Jagdschloss, a former hunting lodge, is rich in contrasts featuring special architecture: a panoramic viewing platform with a fabulous view over Wiesbaden and the Rhine Valley, plus the centrepiece of the building, a rotunda with a pair of stairs running in opposite directions.

- ★ *Did you know that on a clear day, you can see all the way from the Jagdschloss to the Donnersberg mountain? Wedding couples love the viewing platform under the glass roof for photo shoots.*

### Ideal for events such as

- ◆ Corporate events, Christmas get-togethers, and private functions
- ◆ Vehicle presentations, art and fashion exhibitions, smaller trade fairs
- ◆ Press conferences
- ◆ New Year's concert and special theme days
- ◆ Weddings

The Jagdschloss offers plenty of room for creativity and individual arrangements, both indoors and outdoors. The outdoor area includes a forecourt and a green space, which are ideal for receptions and summer parties.

Established partners of many years' standing are available for catering, technical equipment, fixtures and fittings as well as decorations. However, there is no commitment to an exclusive service provider.

- ★ *Free parking, incl. charging points for e-cars, directly in front of the venue and the "Wiesbaden Platte" bus stop is only 300 metres away.*

### Location of the venue

By the B417 highway | 65195 Wiesbaden

 [jagdschloss.wiesbaden.de](http://jagdschloss.wiesbaden.de)

### Good to know

- ◆ Exclusive rental
- ◆ Total area on two floors: 660 sqm
- ◆ Space for up to 600 guests in the entire building
- ◆ Suitable for parties of 50 people or more
- ◆ Large windows provide brightness and a unique view
- ◆ Free choice of service providers
- ◆ Beautiful setting in the forest
- ◆ Good accessibility; also by public transport
- ◆ Only 12 minutes by car from the Kurhaus and 13 minutes from the RMCC

### Good reasons in favour of Jagdschloss Platte

## RheinMain CongressCenter (RMCC) – multifunctional, modern, sustainable

The RheinMain CongressCenter is Wiesbaden's largest congress and event centre. On around 17,700 square metres of floor space, in a centrally located area of the city centre and only a few minutes' walk from the main railway station, it impresses with its flexible room concept and modern architecture. Large window fronts, lots of wood, and harmonious materials create a unique feel-good atmosphere that every guest senses as soon as they enter the building!

Two large halls and numerous multifunctional event rooms of various sizes offer maximum flexibility, and provide the perfect and individual setting for events of any kind.

### Ideal for events such as

- ◆ Congresses or trade fairs
- ◆ Exhibitions or conferences
- ◆ Conventions and large-scale events
- ◆ Digital and hybrid live events
- ◆ General meetings and symposia
- ◆ Vehicle presentations

\* Did you know that the large halls can be accessed by cars and trucks? Huge gates allow ground-level access to the Nord (North) and Süd (South) halls from several sides.

Sustainability is not only one of our central concerns, but a necessity that we actively pursue! In addition to technical solutions in the building, the RMCC and our company are involved in numerous programmes and networks, and continuously undergo a number of audits. For example, the RMCC has already been awarded the DGNB Platinum Certificate, the DGNB Diamond Certificate, the DMK Award, the international FIABCI Prix d'Excellence Special Award for Innovation/Energy, and the Green Globe Certificate. Furthermore, the RMCC complies with the "fairpflichtet" sustainability code, and has participated in the "Ökoprofit Wiesbaden" environmental advisory programme for years. Our GCB-certified sustainability consultant is available to help event organisers plan sustainable events, and the RMCC exclusive caterer works according to its own holistic sustainable event concept.

\* Did you know that the photovoltaic system on the roof of the RMCC is 1,250 square metres in size, comprises 768 modules, and has an output of 200 kWp? The system generates the energy needed for the heat pump to heat the floor surface while saving approx. 130 t of CO<sub>2</sub> emissions per year.
